

PLANNED DOCTORAL COURSES AT THE SCHOOL OF ENGINEERING

Updated 191023

Legend:

	Confirmed start date
	Course is given in conjunction with a second-cycle course. Responsible teacher should be contacted.
	Planned but not yet confirmed

Doctoral courses in the Graduate School Industrial Product Realisation	Course code	Course responsible	2019		2020		2021		2022	
			Spring	Fall	Spring	Fall	Spring	Fall	Spring	Fall
Mandatory courses, all subject areas										
Industrial product realization, 5 credits / Industriell produktframtagning, 5 hp	FTIPF35	Glenn Johansson	W8-W26			Sep				Sep
Theory of science and research methodology, 4 credits / Vetenskapsteori och forskningsmetodik, 4 hp	FTVFM38	Kristina Säfsten		Starts 12 Sept				Sept		
Ethics in engineering practice and research 2 credits / Etik för ingenjörer och forskare, 2 hp	-	KTH	15 Jan – 12 Feb				Jan			
Basic communication and teaching, 4 credits / Grundläggande kommunikation och undervisningslära, 4 hp	contract teaching JTH	Joel Hedegaard, HLK		W41-47		Oct		Oct		Oct
Information Literacy and Scholarly Communication, 3 credits / Informationssökning och vetenskaplig kommunikation, 3 hp	FTIVK33	Paola Johansson, Library		5 Nov - 18 Dec		Oct		Oct		Oct
Pedagogic (alternative course, general JU), 7,5 credits	-	HLK								
Mandatory courses, Materials and manufacturing										
Mathematical Modeling of Casting, 7,5 credits / Matematisk modellering av gjutning, 7,5 hp	FTMMG33	Attila Diószegi	W3-W26			P2		P2		
Metallurgy, Solidification and Modeling of Cast Iron, 7,5 credits / Metallurgi, stelning och modellering av gjutjärn, 7,5 hp	FTMSM34	Attila Diószegi	13-17 May				P4			
Casting*, 7,5 credits / Gjutning, 7,5 hp	FTGJU33	Anders Jarfors		W34 (C1 and HA)				W34 (C1 and HA)		
Light Metal, 7,5 credits / Lättmetall, 7,5 hp	FTLME33	Arne Dahle			W3		W3			
Corrosion and Surface Protection, 7,5 credits / Korrosion och ytskydd, 7,5 hp	FTKYT37	Caterina Zanella			P2					
Mandatory courses, Machine design										
Computer Systems for Automated Engineering Design, 7,5 credits / Datorsystem för automatiserad konstruktion, 7,5 hp	FTDAK35	Fredrik Elgh				Oct				
Design Optimisation, 7,5 credits / Konstruktionsoptimering, 7,5 hp	FTKOP37	Peter Hansbo	W13-W22		April		April			

* Casting Course

C1 = Fundamental course in master programme

HA = Home assignment for the doctoral course

PLANNED DOCTORAL COURSES AT THE SCHOOL OF ENGINEERING

Updated 191023

Legend:

- Confirmed start date
- Course is given in conjunction with a second-cycle course. Responsible teacher should be contacted.
- Planned but not yet confirmed

Mandatory courses, Production systems			Spring	Fall	Spring	Fall	Spring	Fall		
Production Development, 5 credits /Produktionsutveckling, 5 hp	FTPRU38	Carin Rösiö				Sept				
Research Methods, advanced, 5 credits / Forskningsmetodik, fördjupning, 5 hp	FTFMF34	open								
<i>Practice Oriented Research, 5 credits (a Research methods, advanced course)</i>	-	Jenny Bäckstrand					Spring			
Doctoral courses in the Graduate School Industrial Product Realisation	Course code	Course responsible / examiner	2019		2020		2021			
Other available courses JTH			Spring	Fall	Spring	Fall	Spring	Fall		
Product Platforms, 7,5 credits (ProWOOD, Production 2030)	FTPPF36	JTH, Fredrik Elgh				Sep		Sep		
PM3 Research methodology in product realization, 7,5 hec (Production 2030)	FTPM339	JTH/Kristina Säfsten		start 22/10						
Other courses										
<i>Research project management (no credits)</i>	<i>contract</i>	<i>Not a doctoral course</i>	W14-20							
<i>Written English Proficiency for Academic Purposes (2,5 credits)</i>	<i>contract teaching JTH</i>	<i>Not a doctoral course</i>	W14-18							

* Casting Course

C1 = Fundamental course in master programme

HA = Home assignment for the doctoral course
